

## 28 Volt Lithium Cordless Tools, V-28

Welcome to the V28 Revolution!  
Put's the Power into Cordless Power Tools!

### You are about to experience a new revolution in cordless tools.

Everything you thought about cordless tools has changed. In creating the new V28 Lithium-Ion line, we challenged ourselves to give you what you've been demanding, cordless power that performs like a corded tool. The result? 28 volts of awesome power, up to 2X the run time of an 18 volt with no extra battery weight and a battery fuel gauge that tells you when it's time to recharge. Plus, with fade free power, unlike NiCd, your last use is as powerful as the first.

The V28™ Cordless Woodcutting Circular Saw is the industry's most powerful cordless saw ever produced. This revolutionary saw has the most power of any cordless saw on the market. Nothing can top the performance of this tool in terms of speed of cutting or overall run time. In addition, this saw comes standard with tactile grips for even more control while cutting. The lightweight magnesium guards reduce unnecessary weight without compromising operation. The high strength aircraft aluminum shoe resists bending for accuracy and dependability.

### 28 volt Lithium-Ion battery

Order No. 48-11-2830  
\$199.70 Ea

'fuel gauge' button

### 28 volt Lithium-Ion battery packs power the entire Milwaukee V28™ System of power tools.

The V28™ Lithium-Ion battery pack offers up to twice the run-time of an 18V NiCd or NiMH pack and is actually lighter than 18V NiCd and NiMH packs! Lithium-Ion technology allows consistent fade-free power - meaning the first cut is as powerful as the last. V28™ Lithium-Ion battery packs will never develop a memory and can be charged at any time regardless of the pack's current charge level! Press the 'fuel gauge' button and LED indicators display remaining charge left in the pack, providing an ideal way to check the state of the pack before you climb onto a roof or up a ladder.

### V28™ LITHIUM-ION 1-HOUR BATTERY CHARGER

- Encapsulated Electronics for extreme durability    Order No. 48-59-2801
- Generator and inverter ready    \$74.70 Ea
- High visibility LED
- Pass-through plug

One-hour charger charges the complete V28™ Lithium-Ion cordless system of tools. Encapsulated electronics provide extreme durability and the pass-through plug keeps outlet space open. High visibility LED's display state of charge while charging.

### V28™ WORK LIGHT (28V BATTERY NOT INCLUDED)

Order No. 49-24-0185
