

**DEPARTMENT OF DEFENSE  
OZONE DEPLETING  
SUBSTANCES  
REQUISITIONING  
PROCEDURES**

**January 2008**

# PROCEDURES

The Defense Logistics Agency (DLA) is responsible for managing the Department of Defense (DoD) Ozone Depleting Substances (ODS) Reserve for weapon system support. The material manager of the Reserve is DLA's Defense Supply Center Richmond (DSCR) and operational support and storage are provided by the co-located Defense Distribution Depot Richmond Virginia (DDRV).

The Reserve consists of various Class I refrigerants (R-11, 12, 114, 500, 502), halons (1211, 1301, 1202), solvents (1,1,1 Trichloroethane and CFC-113) and associated containers.

Empty ODS recovery cylinders can be requisitioned "free of charge" provided the ODS and cylinders are returned to the Reserve. A list of the NSNs for recovery cylinders is provided at Enclosure 1.

ODS (except for halon fire extinguishers and system cylinders) are also free issue (Enclosure 2). However, customers must be authorized by their Service to requisition those chemicals from the Reserve. A Services' Point of Contact (POC) list is provided at Enclosure 3. Each ODS NSN has an inventory system freeze, and will require Manager's review before release. Requisitions (sales orders) submitted to DSCR by non-authorized activities will be processed with Status Code "D8"(Rejected) to the requisitioner, indicating the material is a commodity requiring advance service authorization.

The Military Standard Requisition and Issue Procedure (MILSTRIP) is used to requisition ODS. The DLA preferred method to input a requisition (sales order) into the supply system is through EMALL, but requisitions can be phoned in to DLA Customer Interaction Center. The Center is available 24 hours a day at DSN 661-7766 or COMM toll free (877) 352-2255 (877-DLA-CALL) to answer questions concerning MILSTRIP and requisition status.

The Customer Account Specialist for the Reserve inventory may be reached at DSN 695-6451 or COMM (804) 279-6451 or 6102. Additional contact phone numbers for the ODS Reserve Program Management Office are DSN 695-5202, 5203, 5311 and 3064, or COMM (804) 279-5202, 5203, 5311 and 3064. The email address is [dscr.odsreserve@dla.mil](mailto:dscr.odsreserve@dla.mil)
