KING Part No. **KTC**
\$4.95 EA

- CONTAINS THE MOST COMMONLY USED SIZES EXTRA LONG LENGTH CLEANERS.
- 13 CLEANERS PLUS DE-BURRING FILE.
- CLEANER NUMBERS 6-26 FIT DRILL HOLE - SIZES 77-49

THRIF-T-LINE - CUTTING TIP RESURFACING TOOL

REFACES ALL MAKES AND SIZES OF CUTTING TIPS
- ON OR OFF TORCH

With just a few simple turns this exclusive patented tool quickly yet effectively eliminates mill scale, slag, and orifice distortion from hundreds of tip faces. The nylon shell construction firmly holds the tip in proper refacing position ... The precision ground and strategically angled cutting blades, when turned just a few times, reface the tip to a clean, crisp and flat condition (unlike the scalloped and jagged condition that is the result of using the file found in most conventional tip cleaner kits). When used in conjunction with the proper orifice cleaner your tip is restored to a like-new condition resulting in a much longer and more efficient tip life.

Part No. AT-TRT Price \$14.95 EA

TIP DRILL

- ALL ALUMINUM HANDLE
- NON-CONTAMINATING ALUMINUM COLLET

Kit, complete Part No. 191 Price \$9.95
