Series CEA / WC 400 Amp Hand Crank Spring Retractable Reels For Welding Cable

FEATURES:

- Stores grounding or electrode welding cables, up to #2/0, safely and effectively when not in use
- Current path through a continuous 400 AMP rated enclosed slip ring
- All bolted heavy gauge steel construction (no welds) provides long life and ease of use and maintenance
- Manual drum lock prevents spool from turning when not in use preventing unwanted pay out of cable
- Stores cable when not in use eliminating tangled, kinked welding cables
- Maintains proper bend radius of cables - providing longer cable life
- Keeps work area and vehicles better organized resulting in better space utilization

2-YEAR LIMITED WARRANTY
