TORCH PARTS AND CUTTING RODS

SLICE TORCHES / STRIKERS / KITS

SLICE® BATTERY PACK

The SLICE® Battery Pack comes in a rugged toolbox. As with the Utility Pack, you get all the basic items needed to do a cutting job such as torch, striker and rods. Also included in the Battery Pack is a 12-Volt rechargeable SLICE® Battery Box Assembly (Ignition Source). You also get the collet extension and shield for piercing

Part No. 63-991-003

DESCRIPTION

- SLICE Battery Pack 120 VAC/60Hz
- 1/4' Cutting Hod (city. 25)
- Literature Pack
- Battery Box Assembly
- Tool Box
- Striker Assembly
- Torch Assembly
- Collet Extension Assembly
- Extension Shield
- Charging Cable, 120 VAC/60 HZ
- Coupling
- Instruction Manual

\$1,795.00 EA

BATTERY IGNITION SLICE

DID YOU KNOW?

That back in the early 80's Robert Stoody (founder of Stoody Industrial & Welding Supply, Inc.) designed the 1st PECU!

Arcair. company had begun marketing their new SLICE TORCH (an adaptation of an underwater cutting torch) when an earthquake rocked Mexico City. In assisting the rescue effort Robert, overnight, combined a SLICE TORCH with a framed nylon hiker's backpack, two small oxygen cylinders and a gel-cell battery creating the 1st:

- PORTABLE
- EXOTHERMIC
- CUTTING
- UNIT

Shortly after his event a petty class ship (The USS Stark) was attacked in the mid-east. The rescuers attempts to free the trapped crew members (using oxy / acetylene emergency cutting rigs) were thwarted due to the aluminum construction of the upper portion of the ship.

The outcome of this incident was that the PECU (now in an aluminum backpack) has become a requirement for Damage Control Locker on every navy ship and is used for maintenance and repairs on tanks as well.

FIRE & RESCUE

REPLACEMENT BATTERY

SLICE® INDUSTRIAL PACK

The Industrial SLICE® Pack provides the versatility of exothermic cutting and accommodates a larger oxygen cylinder to extend your cutting time. The industrial cart is capable of carrying a 9" (229mm) diameter cylinder. The Industrial SLICE® Pack includes SLICE® torch and striker assemblies with 10 ft. oxygen hose and power cables. Also included is an industrial battery charger for user convenience, 6" collet extension and shield, regulator and a supply of cutting rods with rod storage area. The user supplies their own 12 Volt battery to complete the system.

Part No. 63-991-021

DESCRIPTION

- SLICE Industrial Pack
- Cylinder Cart Case
- Battery Charger
- 12" Rubber Tie Down
- U-Bolt
- Oxygen Regulator
- Torch Assembly
- Striker Assembly
- 1/4 x 20 Nut (2 Req'd.)
- Rod Holder Clamps (4 Req'd.)
- 10-32 X 3/8" Screw (4 Req'd.)
- 10-32 Acorn Nut (4 Req'd.)
- 1/4" Cutting Rods (Qty. 25)
- Wrench
- Wrench
- Collet Extension Assembly
- Extension Shield
- Clamp Assembly (Red)
- Clamp Assembly (Black)
- Instruction Manual

SLICE® COMPLETE PACK –

FIRE & RESCUE SYSTEM (CIVILIAN VERSION OF THE PECU)

The SLICE Complete Pack comes in an aluminum carrying case with everything needed to quickly complete an exothermic cutting job. This model is well suited to the emergency type cutting situations where seconds count. With this unit you get the torch, rods, striker, 12-volt battery with charger, 6" (152mm) collet extension and shield, regulator and an empty P.E.C.U. style oxygen bottle. The SLICE Complete Pack comes in an aluminum carrying case with everything needed to quickly complete an exothermic cutting job. The compact size case has a storage compartment with a hinged door for parts storage during transportation. This unit weighs 75 lbs. (34 kg) (with cylinder) and measures 25" x 15-3/4" x 8" (63.5cm x 38cm x 20cm).

Part No. 63-991-002

DESCRIPTION

- SLICE Pack Complete 120 VAC/60HZ
- Case Assembly
- Battery Box Assembly
- SLICE Torch Assembly
- Striker Assembly
- 1/4" Cutting Rods (Qty. 25)
- Collet Extension Assembly
- 1/4-20 x 1-1/4" Screw (2 Req'd.)
- Spacer (2 Req'd.)
- 10" Rubber Tie Down
- Oxygen Regulator
- Oxygen Cylinder (P.E.C.U.) style
- Charging Cable, 120VAC/60 HZ
- Outfit Wrench
- Outfit Wrench
- Instruction Manual
