| Torch Package Assembly | | | | Torch parts | | |
|------------------------|----------|----------|---------|--------------|-------------|------------|
| Part No. | Price EA | Max Amps | Cooling | Torch Length | Torch Body | Handle |
| SF-225-12* | \$267.88 | 225 | WATER | 12 1/2' | SF-225 | 53N06 |
| SF-225-25* | \$288.05 | | | 25' | \$185.35 Ea | \$13.50 Ea |

*Power cable adapter must be ordered separately. Part no. 45V11 (see TIG Connector Page)

Each SF-225 Torch package includes:
9-70 and 1726 heads, power cable, gas hose, water hose, and handle.

Go to [Air \(Gas\) Cooled Modular Torch](#) page for prices and specifications of "Interchangeable Torch Heads"

Torch Body without Valve

Handle

This modern family of flexible neck torches uses seven interchangeable heads. Configure the optimum torch for several welding applications without changing torches. Thirty second changeover time with no tools required.

SF-225 Series Power Cables, Gas and Water Hoses interchange with the WP-20 Series

Tec ROTO - HEAD i-HEAD Torch Series

The Roto-Head models feature a torch head that rotates 360°. When in desired position the head can be locked firmly in place.

Access difficult to weld locations, under flanges, behind tubes, around corners, etc.

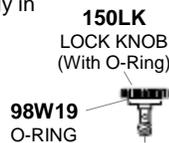

Interchangeable Heads.

Change heads not torches in minutes!

WP-12 (500 AMPS)

SPECIFICATIONS

| | |
|-----------------------------------|------------------|
| Capacity (Max) (ac, dcsp) | 500 amps |
| Weight (less power cable & hoses) | 15 oz |
| Torch Length | 11 1/2" |
| Handle Diameter | 1 3/8" |
| Cooling requirements | 1.5 qt. per min. |

HEAVY DUTY TORCH WITH UNIQUE WATER COOLING DESIGN

Offers a totally sealed water chamber and heavy-duty components. Heavy duty collets, collet bodies, and gas lens.

*Power cable adapter must be ordered separately. Part no. 45V11 (see TIG Connector Page)

TORCH PACKAGE:

Torch body, handle, 12 1/2' Power cable*

Part No. WP-12-12.....\$653.75 EA

Torch body, handle, 25' Power cable*

Part No. WP-12-25.....\$721.87 EA

Torch Body with Nozzle Gasket (replacement)

Part No. WP-12.....\$326.37 EA

Water cooled torches require cooling water flow of one quart per minute at a maximum of 50 PSI pressure

HEAVY-DUTY, WATER COOLED MACHINE TORCHES

WP-27 (500 AMPS)

WELDCRAFT

CALL FOR INFORMATION

WP-22 (250 AMPS)

Advanced machine torches for continuous duty. Front and back tungsten loading; front and back electrode tightening. WP-27 has an integral gas lens. WP-22 uses standard parts that are interchangeable with the WP-20 model. Multiple barrel lengths are available on each. Air cooled versions are also available.
