

4.8 Volt Cordless Screwdriver Power Grip
With the Power Grip you have a powerful, ergonomic, handy and light screwdriver for professional use.

- Lightweight for fatigue-free work
- Ergonomically perfect design for any application
- Ideal for processing small and medium screws
- Magnetic bit holder
- Forward and reverse running
- Spindle stop, for manual tightening/loosening
- Spindle recess 1/4 hex
- Exact concentricity of spindle through optimum bearing
- Sturdy die cast gear housing
- With one charged battery pack, one can drive over 400 screws (1/8" x 3/4" mm).
- With two NiCd battery pack
- Charger (charging time approx. 2 hours)

Order #02410 Complete Kit
Price \$168.95 Ea.

Standard equipment

Cordless screwdriver, cordless flashlight, 2 NiCd rechargeable battery packs, battery charger, carry-case

Technical specifications – cordless screwdriver

Battery pack voltage/capacity 4.8 V/1.25 Ah
No-load speed 230 rpm
Maximum torque hard, 44 inch lbs
Maximum torque, soft 31 inch lbs
Adjustable torque 20+Drill
Weight (including battery pack) 1.32 lbs

Includes:

4.8-volt cordless flashlight

»Power Grip«

Long-life, halogen bulb
Adjustable-focus beam – for precise spot illumination
Maximum battery duration: 2.5 hours

Replacement and Optional Items

4.8 V NiCd rechargeable battery pack
Order #31858
\$49.10

2 hour charger
Order #31979
\$40.40 Ea

Power Grip Flashlight
Order#27000
\$45.00 Ea.
(without battery pack)

Toothed ring drill chuck
Order #635100
\$29.90 Ea
with hexagonal shank 1/4" and bit clamping chuck
Converts driver to drill

Power Grip Adaptor
Order #31976
\$14.30 Ea

4.8V, 1.25 Ah Adaptor to charge the Power Grip batteries in all Metabo charger.

Holster
Order #25378
\$10.80 Ea

12 Volt Cordless Impact Screwdriver SSP12

With AIR-COOLED charging TECHNOLOGY

With low Kick-Back torque, one-hand operation with ergonomic finger switch and soft handle.

Order #02160
\$396.80 Ea

Includes:(2) battery packs (#25473) and AC30 Battery charger (#27304)

- T-handle for optimum center of gravity compensation
- Rubber-coated handle
- Vario speed (V) electronics
- Die cast aluminum gear housing
- Bit case for two bits
- Maximum system flexibility through any combination of chargers (within a volt class)
- Easy and quick change of battery pack
- Quick stop

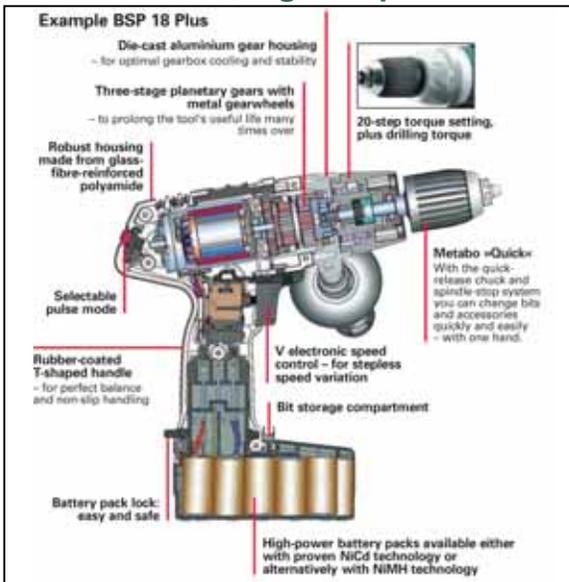

Replacement battery packs and chargers are shown in back of this catalog section.

Specification:

Battery voltage	12 V
Capacity of battery pack	2.0 Ah
Speeds at no load	0 - 2.500 /min
Impacts when idle	0 - 3.000 /min
Maximum tightening torque	885 inch lbs.
Chuck Capacity	1/4" Hex socket
Weight	3.7 lbs.

Powerful, high torque cordless drill-drivers & hammer drills, built to last a lifetime.

(Tool Selections are shown on subsequent pages)

Like all Metabo tools, Metabo's line of cordless drills and hammer drills is produced to world-class standards.

All Metabo cordless tools are available with a 1-hour charger (or less). A computer controlled fast charger (10-20 minutes depending on the battery) which allows gentle, safe charging with automatic selection from 4.8V to 18V is also available.

Continuously variable electronic speed control is standard on all these tools, as is instant-stop, reversible 2- speed planetary gear box and fully adjustable torque control. Chucks are keyless and built to uncompromising standards. Each drill/hammer drill has on-tool storage for screwdriver bits.

These tools produce up to 528 inch lbs. of torque: some of the highest available. Precision hardened steel gearing with ball and needle bearings allow smooth and efficient power transport with exceptionally long working life. And each high capacity motor is designed to run so cool under load that no reset switches are necessary. Whichever model you choose, you'll get the legendary Metabo advantages of power, longevity and balance.
