

PART No. BE560
3/8" Variable Speed Reversible Drill

- Variable electronic speed control
- Spindle with hexagon recess for screwdriver bits
- Thumbwheel for pre-selection of maximum speed

PART No. BE710
1/2" Variable, 2-Speed Reversible Drill

- Variable electronic speed control
- Adjustable side handle
- Die-cast aluminum gear housing
- Spindle with hexagon recess for screwdriver bits

Also Available in 220V - Call

PART No. BE250R+L
3/8" Variable Speed Reversible Drill

- Variable electronic speed control
- Futuro Plus keyless chuck

PART No. BE1020
1/2", Variable, 2-Speed Reversible Drill

- Variable electronic speed control
- High torque
- Adjustable side handle
- Die-cast aluminum gear housing
- Spindle with hexagon recess for screwdriver bits
- Thumbwheel for pre-selection of maximum speed

Also Available in 220V - Call

PART No. BE622SR+L
1/2" Variable Speed Reversible Drill with Triple Gear Reduction

- Adjustable side handle
- Spindle with hexagon recess for screwdriver bits
- High torque. Suitable for drilling with drill bits with large diameter (e.g. form drills) and for stirring thick liquid-like materials
- Die-cast aluminum gear housing

Also Available in 220V - Call

PART No. AD626
1/2", Variable Speed, Triple Gear Reduction Reversible Angle Drill

- Right-angle drive
- Variable electronic speed control
- High torque
- Die-cast aluminum gear housing

Also Available in 220V - Call
