

## Heat Guns & Heat Gun Accessories

### Common Features

- Powerful motor with double fan for sustained power, even under heavy loads in continuous use.
  - Easy to clean air filter keeps foreign matter away from motor.
- Non-slip pads make it easy to stand heat gun on end for stationary use.
  - Air flow and temperature are easily adjusted with one hand.

**Model H1600**  
3-Speed Variable Temperature Heat Gun

**Order #01605**  
**\$90.68 Ea**

#### Specifications

Amps: 13  
 Rated input watts: 1400  
 Air Flow (CFPM): 8.8 / 12.4 / 17.7  
 Air Temperature (°F): 120 / 600 / 1000°  
 Tool weight: 2.0 lbs.  
 Shipping weight: 3.0 lbs.  
 Length: 11 1/4"  
 Carrying Case (#55077): Optional

**Model HE2000**  
Electronic 3-Speed Variable Temperature Heat Gun

**Order #02005**  
**\$134.85 Ea**

#### Specifications

Amps: 15  
 Rated input watts: 1500  
 Air Flow (CFPM): 8.8 / 9.5 / 17.7  
 Air Temperature (°F): 120 - 1100°  
 Tool weight: 2.0 lbs.  
 Shipping weight: 3.0 lbs.  
 Length: 11 1/4"  
 Carrying Case (#55077): Optional

## Accessories

**Wide jet nozzle – 2"**  
**Order #30001      \$12.30 Ea**

Drying, stripping old coats of paint

**Wide jet nozzle – 3"**  
**Order #30002      \$13.30 Ea**

Stripping old coats of paint from large surfaces

**Reducing Nozzle – 9mm dia.**

**Order #30005      \$11.60 Ea**

Spot Heating (HE2000 only)

**Deflector Nozzle**  
**Order #30003      \$13.30 Ea**

Stripping old coats of paint from window frames, waxing and dewaxing skis

**Slit Nozzle**  
**Order #30006      \$12.70 Ea**

Lap welding of PVC tarpaulins and sheeting (requires 30005)

**Air-wrap Nozzle**  
**Order #30004      \$12.00 Ea**

Heating plastic tubes prior to bending them; shrinking of shrink-fit plastic sleeves

**Speculum Welding**  
**Order #30009      \$32.40 Ea**

Butt welding plastics heater (requires 30005)
