

AIR TOOLS

Pacific Pneumatic Tools, Inc.

#725RD \$89.00 EA

- 3/8" Butterfly Impact
- Built-in Regulator
- 75 ft/lbs Maximum Torque
- Improved Clutch Design
- Built-in 360° Swivel for Air Inlet

#212A \$175.00 EA

- 3/8" Pistol Grip Impact
- Built-in Regulator
- 90 ft/lbs Max Torque

SUPER DUTY

#232TGSL \$332.00 EA

- 1/2" Pistol Grip Impact
- Built-in Power Regulator
- Ring Type Anvil
- 625 ft/lbs Max Torque

SUPER DUTY

#261 \$635.00

- 3/4" Pistol Grip Impact
- Available w/Extended Anvil
- Ring Type Anvil
- 1,100 ft/lbs Max Torque

General Description	Model (Item #)	Working Torque Ft/Lbs	Square Drive	Capacity	Weight Lbs	Length	Air Inlet NPT	Air Consumption CFM	Air Pressure PSI	RPM

Air inlet Thread (Pipe Tap): NPT 1/4"

Renowned for its valve life and handle durability, this classic tool is widely used throughout industry and construction. It is ideal for light demolition work, bridge decking, concrete surface preparation, metal removal, form stripping, and many other applications. Your choice of .580 Hex or .680 Round shank. (Also available with a 4" piston stroke)

- Uses oval collar accessories.
- Grooved barrel, lock spring retainer
- Swan neck handle w/ trigger
- Replaceable piston
- Long nozzle for extra life
