INTERSTATE Easy-Lock Hose is ideal for use in any application where quick assembly of hose and fittings is desired. The cover is made from premium oil resistant synthetic rubber. Easy-Lock fittings, shown below, are designed for use with this hose. The special weave of the fabric layer of the hose firmly grips the fitting barb, securing it without the use of ferrules or hose clamps.

WARNING: Use only fittings made specifically for Easy-Lock hose. Standard Hose Barbs may not hold securely.
