J-Series Step-Over Lever Clamp

The J-Series Step-Over Lever Clamp has a 4 1/4" return rail to "step-over" the lip on channel iron, angle iron, I-beam or other obstructions.

JLC24-12

Bessey Rapid Action Lever Clamp Standard Handle Lever Clamp

LC Series

Perfect where vibration causes a conventional clamp to "walk"... the lever clamp stays firmly in place. The Rapid Action Lever Clamp is a great clamp where multiple clamps need to be set up and taken down quickly
