

## LAYOUT TOOLS and MARKERS

### CONTOUR MARKER®

The Curv-O-Mark Contour Marker is a compact, time-saving tool used to lay out pipe and structural steel joints. Laterals at any angle, tees, wyes, cross, elbows—any type or size of joint can be quickly and precisely laid out. No more complicated mathematical formulas. No more cut and try. No more needless material waste.

The Contour Marker can be used to lay out pipe from 1-1/2 to 18 in. diameter, or structural steel members up to 18 in.

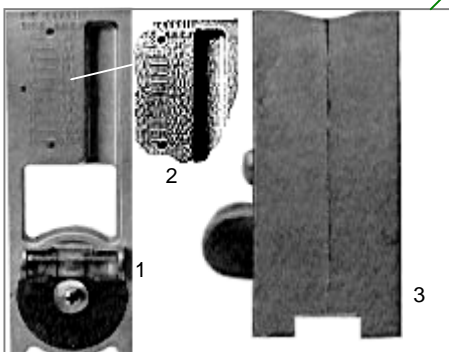

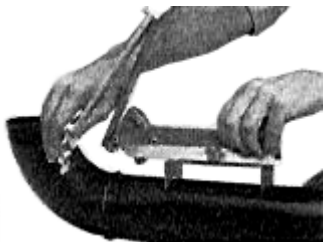

### JUMBO CONTOUR MARKER™

A larger version of the Contour Marker. The Jumbo Contour Marker (JCM) has been developed for use in the layout of large diameter pipe, from 8 to 48 in. With its Structural Adaptor, the JCM can be used in the layout of extremely large structural steel members up to 48 in. wide.

The JCM comes complete with a durable web strap that helps hold the unit in place during layout. A built-in adjustable dial bubble protractor ensures accurate centerline location. A soapstone crayon is included. Like the standard model, the JCM's capability can be increased with the Combination Adaptor Accessory.

### COMBINATION ADAPTOR ACCESSORY

Designed for use with the standard and Jumbo Contour Markers, the Adaptor simplifies handling and increases layout capacity. The Adaptor permits use of all four sides of the Contour Marker and permits marking on small diameter pipe, over nipples, old welds or on wrapped pipe. The Adaptor can also provide layouts with compound angles using a single setting, or any degree of take-off on elbows and turns up to 90 degrees.

A built-in adjustable dial bubble protractor (1) ensures accurate centerline location. A cast-in table (2) indicates rise per foot in both inches and meters. A cast-in groove (3) makes the level self centering on the contour of pipe

The scribe holder will accept round, square or flat soapstone crayon, pencil or steel point scribe.

## MARKERS & MEASURING TOOLS

	ORDER NUMBER	MODEL NUMBER DESCRIPTION	PRICE
	0721-0000	#1 CONTOUR MARKER STANDARD	\$127.89 EA
	0721-0001	#2 COMBINATION ADAPTER STD	\$34.58 EA
	0721-0002	#3 LEATHER CARRYING CASE	\$57.05 EA
	0721-0003	#4 CONTOUR MARKER JUMBO	\$295.49 EA
	0721-0004	#5 COMBINATION ADAPTER JUMBO	\$62.23 EA
	0721-0005	#6 CENTERING HEAD STANDARD 1/2" PIPE & LARGER	\$67.39 EA
	0721-0006	#7 CENTERING HEAD JUMBO SPRING LOADED PIN 1" PIPE & LARGER	\$105.42 EA
	0721-0007	#8 PRO-MAG LEVEL	\$62.23 EA
	0721-0008	#9 FITTER-WELDER PROTRACTOR	\$65.65 EA
	0721-0009	#10 PIPE FLANGE ALIGNER STD The Pipe Flange Aligner is quickly adjustable for all types of flanges or pipe sizes ranging from 3 to 12 in. diameter	\$90.71 EA
	0721-0010	#1208 RADIUS MARKER MINI MINI -- up to 8-in. radius	\$20.75 EA
	0721-0011	#1220 RADIUS MARKER SMALL SMALL - up to 20-in. radius	\$29.38 EA
