PURPLE K

Purple K Fire Extinguisher

DRY CHEMICAL • FOR HIGH HAZARD

Badger's high performance Purple K dry chemical stored pressure fire extinguishers are designed for use on high-hazard Class B and C fires. They are generally superior to other dry chemicals, making them ideal for use in industrial and commercial premises where there is a flammable liquid or gas risk

TRASH, WOOD, PAPER

FLAMMABLE LIQUIDS

ELECTRICAL EQUIP.

Flammable Metals

Our 30# class D dry powder (Sodium Chloride) extinguisher is suitable for use on metal fires. It incorporates a soft flow extension applicator that ensures the operator's hands are kept away from the extreme heat and prevents inhalation of the toxic fumes caused by the burning metal. Approved for fires involving magnesium, sodium (spills and in depth), potassium and sodium potassium alloys.

WB570 \$330.00 Ea

HALOTRON 1 Fire - Extinguishers

ALTERNATIVE CLEAN AGENT • IDEAL FOR OUTDOOR USE

Badger's environmentally acceptable, Halon-1211 alternative, portable extinguishers are designed to meet any special hazard need where Halon-1211 was specified and used. Halotron 1 extinguishers offer the best discharge range for outdoor applications, and are USCG approved (5 lb and over).

Halotron 1 is ideal for protecting office computer areas, data storage, telecommunications anti high tech clean rooms. Halotron 1 meets EPA approval, is SNAP listed, and is the government approved and specified clean agent alternative.
